

CLARK D. MOZAR

Dumaguete City, Negros Oriental | 0916-703-4246 | mozarclark.email@gmail.com

PROFILE

Computer Engineering graduate with an experience in IT support, networking, database management, and web development. Skilled in troubleshooting technical issues, developing web-based systems, and working with software and databases. Detail-oriented and adaptable professional with strong problem-solving, communication, collaboration, and documentation skills. Currently pursuing Masters in Public Administration while seeking opportunities to contribute technical expertise and reliable technology solutions.

TECHNICAL SKILLS

Programming Languages: PHP, JavaScript, C, C#, Java, SQL, MySQL

Web Technologies: HTML, CSS, jQuery, NodeJS, ExpressJS, VueJS

Tools: Git/GitHub VSCode, XAMPP, Vite, Microsoft Office, Google Workspace, Figma

Other Skills: Software Testing, Quality Assurance, Technical Documentation, Troubleshooting

Core Competencies: Technical Support, Database Management, Network Support, Web Development and Design, Requirements Gathering

RELEVANT EXPERIENCES

- **IT Support Intern – ContactPoint 360** *March 2024 - May 2024*
 - Completed a mandatory 520 hours assisting senior IT personnel in maintaining networking connectivity and workstation functionality.
 - Managed server room operations and monitored network equipment
 - Resolved hardware, software, and user support tickets
 - Installed and configured computer hardware and software such as antivirus, task trackers, CCTVs, and electronic door access systems.

PROJECTS

- **Parcel Tracker System** *Java, SQL*
 - Created a mock parcel tracker system as an academic project to simulate real-life logistics tracking.
 - Designed frontend interfaces and backend functionality using Java and SQL.
- **CES Activity Scheduler and Points Tracker (Thesis)** *HTML, CSS, JavaScript, PHP, SQL*
 - Designed and developed a web-based scheduling and student activity management system.
 - Developed the frontend and backend using HTML, CSS, JavaScript, PHP, and SQL.
 - Designed a relational database used for event scheduling, student participation, and role assignment (e.g. Student, CES Representative, CES Coordinator).
 - Implemented PHPMailer for automated email notifications for announcements, confirmations, and crediting of submissions.

EDUCATION

- **Bachelor of Science in Computer Engineering** *August 2019- February 2025*
University of San Carlos - Talamban Campus
 - Relevant Coursework: Database Systems; Information Systems; Software Engineering; Networking
- **Master of Public Administration** *2026-Present*
Saint Paul University Dumaguete
 - Relevant Coursework: Principles in Public Administration; Research Methodology in Public Administration; Statistics

CERTIFICATIONS

- **Certificate of Eligibility - Career Service Professional Examination**
- **The Complete Full-Stack Web Development Bootcamp**
- **The Complete 2026 Software Testing Bootcamp**
- **Complete Web & Mobile Designer: UI/UX, Figma, + more**
